

Southland Sports Car Club Inc Newsletter, July 2005

Subscriptions Due

You will find your subscription enclosed with this newsletter. As renewal will be needed before you can partake in any future activities some members, such as those wishing to compete in the forthcoming ESSCC Catlins Rally will need to action their renewal promptly.

The club will issue a receipt to use for your proof of membership until your new "credit card" type membership is printed and posted to you.

2005/2006 Calendar

Also enclosed is the 2005/2006 Calendar of Events and list of Office Bearers etc. You can keep this as a reference for events, but please remember that dates can change. Any changes will be posted on the website and in newsletters.

Data Collection

Please fill in the data collection items on the renewal form. We are keen to have as many email

addresses as possible, as this is a more effective way to communicate with you, and it is very cost effective for the club.

Club Officials

With the AGM and election of officers coming in October, it is timely to remind members to think about positions in the club. There is still a need for Stewards, Competitor Relations Officers, Clerk of Course, so if there are any members who have previously raced and wish to return something back to the sport, please make yourself known to Paul Rosel or Wendy Jenks.

Trophies

With the AGM looming please be advised that members with returnable trophies will be contacted so they can be collected for engraving. It would be a great help if you would clean them prior to return.

Track Hires

Our Track Hires have undergone a major review to bring the conditions into the

21st century, and to more properly reflect the costs and fairness to members. Users outside club members will pay more, and there is a new structure for other clubs, users, and corporate users have a new agreement. Thanks to Keith Douglas for his tireless work on this, and Board member Alex Wilson for his expertise.

Monthly Club Nights

The future of monthly Club Nights is under review. Your Executive meets every second Monday in the month, and we also held a Club Night on the first Monday of each month. With attendance from members waning to between one and five people turning up outside Committee members we have only been holding Club Nights over the summertime but even these are not well enough attended in the Executive's opinion. Let's have some discussion and feedback about what you think before we decide what to do.
